### **Expert coach speaks**

*A comic strip is a sequence of drawings, often cartoon, arranged in interrelated panels to display brief humour or form a narrative, often serialized, with text in balloons and captions.*

*Strips are written and drawn by a comics artist, known as a cartoonist. As the word "comic" implies, strips are frequently humorous. But because "comic" strips are not always funny, cartoonist Will Eisner has suggested that sequential art would be a better genre-neutral name.*

*Traditionally, comic strips were published in Newspaper but have become popular as Webcomics as well.*
