Self-Learning Manual: Activity 24
Creativity and Imagination:
Language Creation
Age: 6 years

Activity description

The child is required to speak any 3 of the given sentences in a fictional language "Ubbi Dubbi" (Refer Web Resources to understand the language). The sentences for the activity are:

- I am happy
- It is a beautiful day
- I love my parents
- Thank You
- Have a good day

Let the child understand the Ubbi Dubbi language. The child should try speaking these sentences in the Ubbi Dubbi language. After the child is feeling comfortable with the same, let the child record a video speaking any of the 3 given sentences. Ensure the video is recorded at once & not edited/merged. The child is not allowed to read the sentences from anywhere but speak from memory.

Once the child is ready, record the video & submit.

Expert coach speaks

A constructed language (sometimes called a conlang) is a language whose phonology, grammar, and vocabulary, instead of having developed naturally, are consciously devised. Constructed languages may also be referred to as artificial languages, planned languages or invented languages and in some cases, fictional languages.

There are many possible reasons to create a constructed language, such as to ease human communication; to give fiction or an associated constructed setting an added layer of realism; for experimentation in the fields of linguistics, for artistic creation; and for language games.

Key benefits of this activity

The activity benefits in many ways:

- Improves pronunciation of standard languages
- Ability to learn new language
- Better grammar understanding
- Teaches Unlearning & Relearning
- Improves pattern identification improving IQ

Common mistakes to avoid

- *Don't rush its recording submission – spend time to understand the language*
- *Do not read from anywhere*
- *Do not miss the phonology & make errors in pronunciation*
