Activity: Record child's video sharing a book's summary he/she read | Language & Communication | 3 years

Skill development milestone

The child has a spoken vocabulary of 300 to 1000 words at this age. The child may know words across different languages but would not be able to differentiate a word from one language to another. The child starts to advance from using single words to phrases or incomplete sentences. They can talk well enough for strangers to understand most of the time. Imitation remains a strong mechanism to communicate at this stage e.g. they imitate the language and behavior of trusted adults or interact with other kids through imitation (parallel playing). They use language to describe the world around them. They can speak their name, age and gender. They can name most familiar things. Their awareness of rhyming sound starts to emerge.

Activity description

The parent needs to read any age appropriate book easily available at home to the child. Select a book which is minimum 50 words long. After the child has heard the story book completely, the child is required to narrate:

1. Summary of the book
2. Talk about the child's favorite character in the book & reason for liking the character the most
3. Talk about the child's least liked character in the book & reason for not liking the character

When you feel that the child is ready to submit his/her entry, record a video of the child sharing the summary of the book.

The video should be submitted as an entry as per submission guidelines.

You may share the video with family (1st circle), relatives & close friends (2nd circle) or acquaintances (3rd circle) as desired by you. Or post the videos on social media (public), if you wish, with the hash tag #KidExDIYChallenge or #KidExDIYNationalChallenge.

Self-learning manual

Common mistake and things to keep in mind in this activity are:

1. The child's vocabulary is limited & cannot understand the book completely
2. The child cannot summarize the story concisely
3. The child does not form a view on characters & remains undecided
4. The child cannot orally communicate properly

Key coaching tip to excel in this exercise is that let the child develop a genuine interest in stories. Help the child to understand words or sentences which are not yet in the child's vocabulary. Encourage the child to share with you the story from the book & patiently listen to the child – be mentally with the child, not just physically.

If the child is struggling to orally communicate properly, guide the child to take small targets – speak a few sentences/words first & then, gradually increase the number of sentences or words.

Key benefits of this exercise are:

1. Improves vocabulary
2. Improves comprehension
3. Improves verbal communication
4. Improves view formation
5. Improves decision making

Entry evaluation guidelines

The maximum point for this activity is 30. Every entry would be rated as either:

1. Master (M): 100% score
 - a. The child can share 2 of the 3 requested information related to the book in an engaging manner
2. Intermediate (I): 80% score
 - a. The child can share 1 of the requested information related to the book in an engaging manner
3. Beginner (B): 50% score
 - a. The child can share partially any of the requested information related to the book in an engaging manner
4. Not applicable (NA): 0% score
 - a. All other submission cases
 - b. No submission.

KidEx will offer all learning solutions to parents under one umbrella. KidEx would soon launch a suite of digital products aimed at making child-raising easier & more fun for parents.

About KidEx Do-It-Yourself National Challenge

The event is an effort to spread awareness regarding **need for all rounded development of the child**. This is also, designed keeping in mind the current external scenarios where lockdown/no lockdown, social distancing practices would continue & schools/colleges might be shut for a few months which would require parents to find non-screen time learning opportunities for the child while demanding lesser time for parents allowing them some breathing space for themselves.

The event is open to all Indian citizens in India or abroad across age groups of 3 to 17 years. Basis the submitted entries, for every age, a leader board would be created & declared.

You may share your entries (video/images) with family (1st circle), relatives & close friends (2nd circle) or acquaintances (3rd circle) as desired by you. Or post the videos on social media (public), if you wish, with the hash tag **#KidExDIYChallenge** or **#KidExDIYNationalChallenge**.

Prizes & certificates

We will conduct two versions of the event for all interested parents. Parents can decide whether they want their child to participate in the paid version or the free version of the event. Entry charge for paid version of the event is INR 500 for every child.
