

# KidEx Do-It-Yourself National Challenge 2020

## Activity description and self-learning manual

**Activity: Record video signing 4 words in sign language | Language and communication skills | 3 years**

### Skill development milestone

The child has a spoken vocabulary of 300 to 1000 words at this age. The child may know words across different languages but would not be able to differentiate a word from one language to another. The child starts to advance from using single words to phrases or incomplete sentences. They can talk well enough for strangers to understand most of the time. Imitation remains a strong mechanism to communicate at this stage e.g. they imitate the language and behavior of trusted adults or interact with other kids through imitation (parallel playing). They use language to describe the world around them. They can speak their name, age and gender. They can name most familiar things. Their awareness of rhyming sound starts to emerge.

### Activity description

The child is required to communicate 4 words “Hello, Bye, Yes & No” in sign language. The child can use either American Sign Language (ASL) or British Sign Language (BSL). It can be learned with the help of the video given in the self-learning manual.

The child or you can call out the word first and then, the child can communicate the same in the sign language while recording the video. For example, the child or you can say “Hello” and then the child will sign “Hello” in ASL or BSL.

Encourage the child to practice this in free time over 2-3 days and whenever the child is confident, please record video of the child completing the given task.

The video should be submitted as an entry as per submission guidelines. You may share the video with family, relatives & close friends as desired by you. Or post the videos on social media, if you wish, with the hash tag #KidExDIYChallenge or #KidExDIYNationalChallenge.

### Submission guidelines

1. You can record one common video of the child signing the 4 words in any sign language of choice
2. Keep the total video size less than 20 MB
  - a. Higher resolution camera creates large size video files
  - b. Android users can install & use Camera MX player to record smaller size video files
    - i. Camera MX player can be downloaded from [here](#)
  - c. Iphone users should change resolution setting by going to Settings -> Camera & selecting lowest resolution from “Record Video” option
3. You can upload the video file at <https://www.kid-ex.com/diy-nc> (if total file size > 20 MB)
4. You can mail the video file to us at [info@kid-ex.com](mailto:info@kid-ex.com) (if total file size < 20 MB)
5. Please mention child’s name, registered contact number & activity number in mail subject while submitting the file (Example: Veehan Saraf, 9654138862, Activity 1)
6. Kindly ensure you have registered for the event for us to assess the submission. If not registered, please visit <https://www.kid-ex.com/diy-reg> to register. New registrations allowed till 30<sup>th</sup> May.

### Self-learning manual

Common mistakes child & even adult make in this activity are:

1. Not knowing the importance and benefits of learning sign language.
2. Creating your own version of sign language (like dumb charades) instead of sticking to a standard language.
3. Not having dexterity or flexibility in hands/facial expressions to be able to communicate the message.
4. Getting discouraged by making mistakes. Practice is the key so find ways to not get bored or lose hope.

## KidEx Do-It-Yourself National Challenge 2020

5. Child is not in the right mindset while learning. They will learn and enjoy the process if they are in a happy mood.

Key coaching tip to excel in this exercise is that encourage the child to observe the sign language. Call out the word as you are demonstrating the action to help the child internalize the action & associate the same with the word / communication. Do it enough times for the child to register the same.

Encourage the child to show action corresponding to the word once the child has internalized the same. Make this a playing exercise & indulge in the same regularly.

Here is the [video tutorial](#) for the activity.

Key benefits of this exercise:

1. Gives your brain a good workout
2. Improves your peripheral vision & reaction time
3. Communicate with babies as they learn gestures before verbal communication
4. Become better at spelling
5. Helps you to become a better listener
6. It can be used all the time e.g. when you are speaking over phone with someone but want to communicate something in parallel to a person in front of you
7. Becomes easier to learn another new language
8. Improves your body language skills
9. You become more diverse
10. Communicate with animals
11. Boosts your communication skills
12. Introduces you to the issue of deaf awareness & teaches empathy
13. Be able to help when required
14. Introduces you to a new culture & community
15. Meet new people & make new friends

### Entry evaluation guidelines

The maximum point for this activity is 20. Every entry would be rated as either:

1. Master (M): 100% score
  - The child can do all the 4 signs correctly
2. Intermediate (I): 80% score
  - The child can do 3 signs correctly
3. Beginner (B): 50% score
  - The child can do 2 signs correctly
4. Not applicable (NA): 0% score
  - a. All other submission cases
  - b. No submission

For any queries, you may Whatsapp us at +91-7303755886 or email us at [info@kid-ex.com](mailto:info@kid-ex.com).

# KidEx Do-It-Yourself National Challenge 2020

## About KidEx

KidEx is a company founded by Kapish Saraf & Amritanshu Kumar (IIT Kharagpur & IIM Calcutta alumnus). KidEx aims to create a platform to enable holistic & comprehensive development of every child by partnering with their parents in a logistically convenient manner for the parents. KidEx offers multiple extra-curricular activity classes for kids in physical & digital form (basis screen time guidelines) to enable child's holistic development. Live classes include: Chess, Arts, Mandarin, Spanish, French, German, Guitar, Movie-Making. Upcoming classes include: Academics, Robotics, Coding, Dramatics, multiple Dance & Music, Social Etiquette etc. KidEx will offer all learning solutions to parents under one umbrella. KidEx would soon launch a suite of digital products aimed at making child-raising easier & more fun for parents.

## About KidEx Do-It-Yourself National Challenge

The event is an effort to spread awareness regarding need for all rounded development of the child. This is also, designed keeping in mind the current external scenarios where lockdown/no lockdown, social distancing practices would continue & schools/colleges might be shut for a few months which would require parents to find non-screen time learning opportunities for the child while demanding lesser time for parents allowing them some breathing space for themselves.

The event is open to all Indian citizens in India or abroad across age groups of 3 to 17 years. Basis the submitted entries, for every age, a leader board would be created & declared.

## Prizes & certificates

We will conduct two versions of the event for all interested parents. Parents can decide whether they want their child to participate in the paid version or the free version of the event. Entry charge for paid version of the event is INR 500 for every child.

Paid version participants would be eligible for:

1. Prizes for winners across all age category
  - a. Number of winners linked to number of paid version participants
  - b. 50% of registration fees to be distributed as prize to winners
2. Winner & participation certificates
3. Assessment score for every submitted entry & leader board position summary

Free version participants would be eligible for:

1. Assessment score for every submitted entry

Even participants interested in paid version would be required to pay the amount after 7<sup>th</sup> May allowing them opportunity to participate first & then, decide.
